

Join the Community Development Projects of Fujikawaguchiko Town Through a Donation !

Located in front of Mt. Fuji, Fujikawaguchiko is a tourist resort town which has four lakes, Lake Kawaguchiko, Lake Saiko, Lake Shojiko, and Lake Motosuko, along with various seasonal attractive aspects. Throughout the year, visitors from all over the world enjoy the fine environment with Mt. Fuji and the lakes.

However, as serious problems of population decline and aging society are emerging, it has become difficult for the local residents to maintain the vital community continuously on their own.

For enhancing and maintaining the attractive and vital town of Fujikawaguchiko surrounded by abundant nature, your donation will be very helpful. Your donation will be effectively utilized as a financial resource for the community development projects of the Fujikawaguchiko Town Office, such as child-care support, environment conservation, tourism promotion, and cultural promotion, contributing to the creation of an even more attractive and welcoming Fujikawaguchiko.

Would you like to join the community development projects of Fujikawaguchiko at the base of Mt. Fuji, through your donation?

You can make a donation from here:

Donation Site: **Furusato Choice**
